How do I increase the chance of survival for my avian pals? A: I suspect that you are referring to the angel feathers from the developer's website, like this image: These are special feathers that Aviary gives to baby chicks. They look like this: Notice that they don't have any eyes. They exist solely to attract the females to the male. This means that you will have to be more vigilant to finding them and presenting them to your chicks, which will be a lot easier if they are bright and colorful. There are all kinds of "good looking" chicks. Note, of course, that the best combination is the largest-bodied male and the most colorful female. Some tips: Roost near and above a green plant, which is the sex edd6d56e20
