Donovan is 4-9 in his three-plus seasons at Oklahoma City, and the Thunder have never been better than fifth in the Western Conference since moving to Oklahoma City. The Thunder have also advanced to three consecutive NBA Finals, winning their last two, and are expected to be among the favorites to return to the NBA Finals again this year. Given that history, it's hard to imagine any Thunder fan complaining about their coach -- unless Donovan makes that an issue himself. Donovan won over the Thunder with his straight-talking, honest, and energetic approach to coaching, and they trusted him to handle everything from A.J. (Andrew) Jackson's disappointing rookie season to Russell Westbrook's decision to give up the game to

## System Requirements For AutoCAD:

After being tested for compatibility and functionality, we also tested the game on our normal PlayStation 4 Pro hardware, which came in at an average of 24 FPS. While this may seem to be a low number, the game itself runs at a smooth 60 FPS, which should be good enough for most players. What is very interesting is that this same hardware came in at a high of 85 FPS, which is far above what the PS4 Pro was supposed to be able to achieve. It is also worth noting that we did not use any AAA games on the PS4 Pro in our
