Play against your friends on dedicated servers, or play against the single player computer generated AI and progress through the game levels and get the high score. Blood and gore, and immersive atmosphere will get your heart racing - it's like Pac-Man in the sea! It has been a tough year in the Amazon River following the nuclear winter...very little to eat, and a lot of hungry fish are looking for a meal. The migration to the sea was a long journey, but the little piranha clan persevered. At long last, they reached the mouth of the Amazon, where river meets ocean, where beautiful coral reefs and jellyfish are plentiful. They weren't the only

Commentary:

- I have very high expectations for this series. Rating is a must.
- I like the experiments done in this version with Squad formations and similar ideas. This game could be very close to the following games:
  - Tactics of Steel
  - Warrior Kings
  - Defender's Quest

Sudden Strike 4: Russia vs. Finland will pit Soviet and Finnish forces in two new campaign maps inspired by events during World War II. The two campaigns of Sudden Strike 4: Russia vs. Finland use a completely new tactical gameplay system and are packed with new content, including new nations and a plethora of new units, weapons, tanks, aircraft and missions. Sudden Strike 4: Finland - Winter Storm also brings three more new game mechanics to the game: New game mechanics: Doctrine: Choose from three doctrine commanders for your strategic planning. Vehicle Doctrine: Not only can you issue orders to your units, but vehicles can now be commanded to stop and load automatically. New skirmish game mode: Scenario Editor: Create and play your own scenarios using the Scenario Editor. Sudden Strike 4: Russia vs. Finland has over 250 built-in scenarios! New Disrupt Mode: Use the Winter Storm Disrupt Mode to push your offensive or cut-off enemy reinforcements. New Map: Torneo dell'Estate, which is inspired by the Stalingrad pocket. Campaign themes: Each campaign has its own theme. In the Finnish campaign, you must crush the Soviet forces in the closing stages of the Winter War. The Soviet campaign sees you fighting the end of the war in 1944. New Units: The Finnish Infantry are the first to receive a new makeover in Sudden Strike 4: Russia vs. Finland. The Finnish soldiers have received several new weapon and equipment upgrades as well as all-new and improved infantry models. The Russians are also receiving their own major upgrade in Sudden Strike 4: Russia vs. Finland. In addition to the changes to their armor, artillery and new vehicles, Russian infantry have also received new equipment and weapon upgrades. New vehicles: The Soviet KV-1 is a mid-tier tank destroyer that has proven to be effective against the Finns and now receives an upgrade! The Finnish Sturmgeschutz III G and Flak 36 (historical) receive a new paint job for this campaign. New Weapons: The Russians have a new flamethrower in the KV-1 and a new AT-2 (historical) anti-tank weapon for the T-26. The Finns now have several new artillery options for both their infantry and their armored vehicles. New Maps: The new campaign
