SENTRAN KAGURA Burst ReBirth is a brawler set in a fantastical world of magical girl anime tropes. The essence of DRAGON BALL Z meets the humor of SAILOR MOON and the action-packed gameplay of SENTRAN KAGURA Burst. Battle your way through a war-torn world filled with swords, guns, flames, rockets, bombs, bugs and sexy maidens. With a multitude of weapons and combos, and as many as four players, SENTRAN KAGURA Burst ReBirth is a fun, fast-paced brawler that offers high-octane action for both those new to the series and to hardcore fans. Missions: Players can choose from an arsenal of weapons from bosses like Genjuro Kai, Toya Toya, Mugen No Kiseki and many more, along with new weapons and attacks. In battles, players control playable characters in the form of magical girl anime, fighting opponents using magic and weapons, busting and slashing foes into oblivion, and collecting hearts to absorb the powers of the heroines and unleash the Burst to unleash one blow after another. The more successful players become, the more hearts they collect, and the more their characters progress and new skills are unlocked. Characters: New playable characters include: Asura (Asura Kagura) - The first of the eleven playable female characters in SENTRAN KAGURA Burst ReBirth. Asura is a sensitive girl with a strong body and she excels at melee and physical combat. Like the other women in SENTRAN KAGURA Burst ReBirth, Asura has different fighting styles based on her sweet personality. Asura also wears a special armored kimono with designs to match her personality. Terutsuki Tsukune (Teru Terusuya) - Terutsuki is a short girl who sports a giant knife in each hand. Her personality is as gentle as a flower and she wields a special scissor-like weapon called "Teru Terusuya." Teru Terusuya can be used both as a melee weapon and as a ranged weapon. Togainu (Rorona) - Togainu, also known as the "Dark Togainu," is a dangerous man. Because of his dark skills, he's the only character in SENTRAN KAGURA Burst ReBirth who wields a gun. He also has a special weapon called c9d1549cdd

Survival Games & Games Like Wilderness Survival Features in the Wilderness: - Hunting: HUNTING is a core feature in THE WILDERNESS, and is only available to the player. HUNTING is a core part of gameplay, as players use tools to hunt down animals in the game. This can be done in many ways, but can be done in three methods. Hunting a wild animal. Hunting down a pack of animals. Hunting down animals with the help of traps. - Gathering: Gathering is another core part of gameplay, as players are invited to gather resources from plants, animals and the environment. Gathering is used to craft items or storages for your survival needs. This also means collecting resources to use for your cooking needs. CAMPING and RESTING During the day time, players can rest to refill their vital bars for the next day. However, this is not always an option, as some places can be very dangerous, and players are encouraged to stay alert and play carefully. Camping is a key feature in THE WILDERNESS, as players can set up a campsite to rest and replenish their vital bars, if their health drops. To set up a campsite, players need to build a shelter first, and place the shelter inside a predefined camp area. - Mining and Mining Explosions: Mining and mining is a core part of gameplay in THE WILDERNESS, as it is required to craft many items for crafting, or storing and selling. Players can find many of these items by mining rock. However, the world of THE WILDERNESS offers some beautiful lakes, cliffs, mountains and more! These places are littered with many valuable items. Some can also be very dangerous! You might want to avoid touching the wrong ore, and instead stay vigilant on the path to your next camp. - Creativity: Creating items for crafting is a key feature in THE WILDERNESS, as players can craft items for all their needs and requirements. Players can craft different types of items like clothing, boxes, dishes, utensils, roofs and more! To craft these items, players need the help of other things in the game, such as various tools, and resources. Storing items in a sturdy box - The Store: The store is a very useful feature of THE WILDERNESS. Players can store things, such as clothing, furniture, items

What's new in Crystal Story: Dawn Of Dusk:

R-Type Final 2 is a tactical role-playing game developed and published by Namco in Japan for the PlayStation in 1999. The game was later released in North America through a partnership with Western Technologies in 2000. Gameplay R-Type Final 2 is a tactical role-playing video game that encompasses strategy as well as a heavy mix of real-time action. The game was published on two different platforms: a standard PlayStation (PlayStation 2) and a port to the BattleLink-compatible format of PlayStation Network (PlayStation Portable) respectively. In the story, a faction called "The Front" has taken over the world. Joining forces with "The Bottom", The Front are planning to reawaken the ancient forces of Apotheosis, a race of monstrous beings with surreal powers. The player plays the role of a newly appointed major of the Front, who attempts to stop the plot before it is too late. The game combines role-playing and tactical elements as the player assumes the role of a fictional avatar (voiced by Norio Wakamoto) and directs the movements of a military combat group. To boost their military forces, players can also become members of the Ample Eve Unit. The following character elements are included in the game: Leader: The Leader character is a top commander and head of the military force. The Leader is chosen from among player characters and the other units at the end of the game. Officer: An officer is a commander under the Leader and also in charge of tactical movements or the technical tasks of the forces. Officers are created at an "Officer training center" after the game's ending. The selected officer will become the Leader's subordinate after the initial training. Main weapons: Main weapons are used by the main characters. The weapons and ammunition are classified according to the class indicated by the decorative mark above the weapon's character controller. Missiles: Missiles are the weapons of later classes of classified weapons. They are colored by the same class as the main character. Support weapons: Support weapons work as means of punishment to an enemy unit. They are colored by the same class as the main character. Sniper: A sniper is an infiltration specialist with powers such as recalling a mission target's strongest guard or firing at hidden targets from elevated positions. The character is colored by the same class as the main character. Aside from the main characters, additional units can be created: Tro
