4-rei, Inc. released William's Love Prelude on December 18, 2016, to be a free original RPG game. The game is a remake of the game "William and Emilia Forest Love Prelude" released in 2017 by 5-rei, Inc.. It is a kind of Orthodox Story line. It has a Custom Battle Battle system. The first time I played it, I was a total failure at the Battle stages. After I developed a technique to play "William's Love Prelude", the game became easy to play. From that day on, I have been playing the game to take myself to the end. It is a Game I can recommend to anyone who is looking for a free RPG game.

■ About the game the Remake It was decided on July 30, 2016 that William's Love Prelude would be a remake of the game "William and Emilia Forest Love Prelude" As mentioned above, the game was released by 5-rei, Inc. on August 26, 2017. There are many things that are different with the remade game. It is decided that one of the differences was the scenario. The remade game was released in a different situation because it was decided at the time of the remaking that the 2 games would be released in the same year. The Remake game does not go to a new setting, but a new story. It is decided that this remaking is a remaking of the movie scenario. That is to say, William's Love Prelude is a remaking of the Remake game.

■ About the game Characters Emilia : A childhood friend. William : A boy who became a man in the forest.

■ About the game story It is decided that one of the differences was the story. The main character of the remake game does not go to a new setting. But his past is changed. In addition, The romance of love and the reunion of the 2 friends is decided to be the story of the remake game.

■ About the game Battle It is decided that it was decided at the time of the remaking that the battle system was decided to be a manual battle. I understand that the battle is a game which the player "kills" something by giving a command. If I could only add something to the game, it would be the "Conquest" battle. Here is a new system to "Conduct". It is

Excive A-1000 Features Key:

A re-imagining of the hit arcade game, Pirate VR: Jolly Roger, with new game mode added, exciting audio effects, awesome 3D graphics, and a new look and feel.

Easy pick up and play, with simple controls.

It's Pirate VR, so you can also use your favorite headphones!

Please note you need a VR headset like the Oculus Rift or Gear VR to play or your phone doesn't work.

It took three years of R&D and new hardware for this, but we managed to re-imagine the classic arcade Pirate VR: Jolly Roger into a more coherent VR experience. Featuring an all-new game mode, exciting audio effects, awesome 3D graphics, and a new look and feel, Pirate VR: Jolly Roger is a suitable starter VR for more advanced VR users. This is Pirate VR! You know that's right.

Thu, 04 Dec 2016 04:32:56 +0900 coverage of US election 2016: what the US media are saying

US election coverage has been pretty brutal towards Donald Trump.

Republican presidential candidate Donald Trump and his supporters are throwing verbal abuse at basically everyone and everything, including former Secretary of State Hillary Clinton, the EU, and of course "the media."

Donald Trump lashes out at media

What's new:

Hi! I'm James, and I'm writing for the world's first mind-flipping podcast, which I will be recording every week alongside Roddy Shilts, Danny Crutchfield, and friend, mentor and au pair Chris. We'll be creating a weekly podcast in the style of the popular video game Let's Plays, which deliver an ongoing commentary on your favourite games, delivered in a relaxed and sometimes self-indulgent style that you can expect to look a bit like this... I hope to have you around a lot while we do this, as we have plenty of time to kill between recording the fortnightly shows. This is now released, and I'll be looking forward to playing and answering your questions in the comments as usual. But first up, let's listen to episode 0. Enjoy! Dave has a birthday coming up, and I've been sitting on a new title idea. My first thought was that it's not actually that original, but had it been an idea that was due to be released last year, it would have been the punchline for a joke, so what the hell. Who am I to complain about heading into my mid-30s when I could start crying about it this year? Then I discovered the world of timestamps, and found myself channelling the hero of a bunch of things... What the hell are timestamps? We use timestamps all the time on every video upload. You can log in to an account - and in most cases, this is your Twitch username - and you can see a number of important things. You can see how many minutes/hours/days/weeks/months this video has been watched You can see when and where it was uploaded You can see when and where it was viewed during the recording You can even see when and where someone viewed a replay So what are timestamps and why do we care? I'll go into that shortly, but first let's listen to the sound of my head exploding. I stopped writing. And now for something completely different... this is a new song that I'm going to release in the coming week, if you'd like to support my music and purchase a single and/or get updates on new

Welcome to the haunted mansion of your dreams. Are you brave enough to explore the black mist and the countless dungeons and corridors of the estate? As you battle your way through the haunted halls of the manor you will confront every danger, solve every riddle and unravel every mystery. But beware! The seance room and the space of the catacombs are waiting for you... Play as Reed, Ethan, Lily and Murray, each with their own special abilities and outfits. Like classic point-and-click adventure games, Cliffstone Manor is a game where puzzles, hidden objects, dialog, and story are all interwoven. Join your friends in a search for the lost Poe legacy and prove that you are the worthy heir of the Claw of the Night. In Fall of Poe: Book of the Dead, you'll take on the role of Lester Raith, a young man who lives in a post-apocalyptic city that suffers from a curse. Every 5 years a new world is born and everybody dies. There is only one way to escape this pain, and it is through your dreams. By tapping on the screen, you'll have the chance to explore the dreams and nightmares of your doomed friends, which are hidden in the Houses of the Dead, a mysterious place where every odd coincidence is forbidden. Watch out for the hazards of the soul world: traps, monsters, and deceptive characters. You'll have to solve puzzles and riddles to find the clues, and rescue your friends from the seven deadly halls. Through your actions, your character will gain the abilities of a powerful vampire. Play as a wizard who splits the souls into seven pieces, a witch who drinks blood, a warrior who can transform into a fox, and a slayer who can heal himself with his fangs. Fall of Poe is a fast-paced free-to-play mobile game that will allow you to discover its secrets and to live the dream for yourself. The world is in chaos. Under the leadership of the Night King, the White Walkers have invaded Westeros and are marching on the Seven Kingdoms. The Free Folk have been enslaved. Many of the Great Houses have fallen. The only people who can stand against the Night King and his armies are a handful of unknown heroes. You are a member of House Forrester, a band of highly skilled fighters. It is your duty to protect your house, your people, and your King. You are Aeg
