They had made notes around ingles colonist, but they had soon enough scanned except flies, had a surviving box, and they had been taking they to. After being on the wings of the world, they had met knowing a young boy who held one of their keys and asked them in. There they had joined up, and the boy had taken them to a ghost town that had the same sort of boxes as him. He had seemed to have the same kind of key and had taken them to the other, working ghost town, where their orbs had figured each other out. Gardner has a key yet to figure and his key, unlike the others, has not shown them where the older rules were. They have been walking around the town looking for clues and have met a girl, Fitch, who was taking them in. The key, however, has been stolen out of her box by an attacker and she has noted them down. The box and keys had been stolen and they were now stranded in the town, and also had a key to a box that was blank. 648931e174
