Of course, when you create a game in the world of ELDEN RING, you don't start with a complete product; you start with ideas and concepts. To realize your ideas and concepts, you need a process, and in the game, we wanted to create a system that would allow you to freely create your own character and make your own story. Thus, the game's world is very different from the usual fantasy setting of role-playing games in that it is a world where you can freely create your own characters. By the way, if your character dies in the game, they will die in real life as well (laughs). THE GUARDIAN The Main Character and Hero of the Story Translator's Note: The character names listed below are all aliases adopted by the main character in the development process. Name: Rikard Age: 20 Job: Paladin THE GUARDIAN A tall, thin man with dark long hair flowing down to his neck. He has a slim face and a short, wide nose. The "Guardian" posture is the trademark of a member of the Church of Aleph. THE GUARDIAN A man of a very quiet disposition. THE SHAMAN His name is Kimba. His age is unknown. He is a half-spirit, half-human. THE DRAGON WARRIOR His name is Tyrus. He is a member of a tribe of dragons. He is about twenty five years old. He has a strong voice. His voice is deep, powerful, and intimidating. THE DRAGON WARRIOR A large, silver-colored dragon. The stone in the scales of his back is named "Shalae." He is a tribe member. THE FOUNDER He is the head of the Temple of Aleph. He is a member of the Church of Aleph. THE MAGUS A member of the Order of Magus. He is a man of about 30 years old. Broken By Kwon Sarang. VGM Reviews. The main plot of the game is pretty simple: As a boy at the high school of the Elden Ring Activation Code, he went on an adventure with his best friend and the main character of the game, Reiss (known as a Knight in the previous versions). But, as the game progresses, many other things come up. Reiss, a young Knight who meets Karuturi (one of the main character) as a child in the town of Idaventure. Then, reiss is robbed of his magic power and is forced to become a mercenary. Karuturi (the main character) will play in a game of an online game. He will be sold to Zalathoi in exchange of an item that he lost. In the middle of his journey to find Reiss, another friend of Karuturi, Karandra from the Land of Dust appears. And also, Karuturi was trapped in a game world as a servant of Hax to save Reiss and his other friends... From Kons. Virtual Reality Music Simulator "Quengm" - Released! Quengm is the very first Virtual Reality Music Simulator that enables players to enjoy music in the fully immersive Virtual Reality, without the requirement to wear a VR headset or a smartphone. The development team had been making Quengm for around a year and a half now. But due to the limit of the available technology and hardware, they couldn't have created this game if it didn't have the chance to work on VR. Quengm, an original music game-themed Virtual Reality Music Simulator, enables players to enjoy music in the fully immersive Virtual Reality experience, without the requirement to wear a VR headset or smartphone. The fact that the developers had worked on Quengm for a year and a half only, doesn't mean that they have had only enough time to construct a few VR games. In fact, they had the chance to use their first year experience on Quengm. After all, the most important thing is to bff6bb2d33

Can't wait to explore more. A lovely game with great atmosphere, even though the server would be great! All in all, a lovely game. Can't wait for the next update. Cheers There is a slow pace but the game is very replayable. I love to explore areas I've already been and discover things. It takes a bit of patience but I can say it's a great experience for RPG lovers. This game is a whole lot of fun, something that I've been looking for for a very long time. I'd like to see the developers continue to update the game with content. I'd also like to see some new features added to the game (i.e. player vs. player combat/content). I love it, and I don't plan to stop playing it. I've put hours into it and haven't gotten bored, and I'd like to encourage the developers to continue, adding more content and new features to it. I don't know why it is, but it's definitely my favorite MMORPG (read: I can't put into words how much I love it). It's been a couple of days since I've been playing this game, and I definitely find myself becoming more invested as time goes on. I really like the ability to customize the appearance of your characters, and I've spent hours crafting the perfect look for my character. The game has a great atmosphere, and it's very immersive. I think it's very balanced, and it's perfect for my skill level. It's got a pretty slow pace, which isn

The combat is fluid, differentiating itself from its contemporaries in the market. While Sekiro isn't being marketed to hardcore gamers - or perhaps just connoisseurs - that's not to say it doesn't offer anything to those who are into it. The characters look cool, too, and the setting is refreshing in a death raining 2018. [...]

It is a fantasy action RPG on the east side of Russia. You live a life of a Tarnished Lord, traveling to the world of Elden Ring, seeking adventure to further hone your skills and become a strong and righteous man. But all of this will only happen when you manage to survive for two days in the vast endless world. Start your game journey with an experienced Sage, who will lead you in the Land Between, guiding you on your way. It will be your task to search for clues and seek for help. Your adventures will take you to majestic realms, marvelous and demanding cities, lush forests, secluded mountains and dungeons. In this game you will visit the lands known as Eliaeth, Ysmania, Argiria, Luthria, as well as the mysterious land of the Old Gods. The world of Elden Ring is vast and diverse, providing a great number of locations, characters and events for you to experience. The game also features five playable races. You will be able to play as a Frostling, a Fireling, a Dullahan, a Demodite, and as a Hoarder. You will be able to choose between six classes and eight specializations, and also implement some unique skills, which will enhance your character's abilities in the game. You will learn the language, among other things, by talking to the inhabitants of the lands. The language will provide you with invaluable information and quest items. All of this and much more will happen in the game. What's more, you will be able to visit a number of unique locations, such as the plains of Eliaeth, the ancient frozen landscape of Ysmania, the temples of Argiria, etc. This game is a tribute to the fantasy art of the creators of the game.
