### **Voimakas Exchange EDB Recovery Crack [32|64bit]**

Voimakas Exchange EDB Recovery Crack For Windows is a software application designed to extract emails from Microsoft Exchange files with the EDB format and save them to other types of files, such as PST, Live Exchange Mailbox and Office 365. It mainly focuses on corrupt EDB files. Extract emails, attachments and other items from Exchange files. The tool also gives you the possibility to explore email objects, such as "From", "Subject" and "Message Class" fields, along with previews, recipients and attachments. According to the developer, it supports data recovery even with large EDB files. When it comes to exports, you can save files in MSG, EML, HTML, VICAL and VCARD formats. Needless to say, Microsoft Outlook must be installed on your computer or the app won't work. It's wrapped in a clean and intuitive interface, where it's possible to open multiple EDB files. Preview, recover and save files in different formats. Voimakas Exchange EDB Recovery Crack For Windows can retrieve folders, calendar events, emails, notes, tasks, drafts and other items, including images, texts and attachments, which can be previewed to make sure you're extracting the exact information you're interested in. Single or multiple mailboxes can be extracted at the same time. Cannot autodetect the Exchange version. Unfortunately, the program isn't capable of importing two or more selected EDB files at once, nor of automatically detecting the Exchange version used, so you have to remember it and select it from a list. In addition, it's necessary to confirm the action to close files every time, and this option cannot be disabled. Simple Exchange email recovery app. All aspects considered, Voimakas Exchange EDB Recovery offers a simple and straightforward solution for extracting emails and other types of data from Exchange files with the EDB format. It had minimal impact on the computer's performance in our tests. Review Voimakas Exchange EDB Recovery mailbay I want to use Voimakas Exchange EDB Recovery to get the email and the attachments from the EDB file. I want to import all the email attachments and the contents into the PST file.
