Product Overview: RealFlow Cinema 4D is an easy to use plug-in. R20 and R22 are still in the Beta versions and.Sunday, April 23, 2011 Afternoon Tenant Update As some of you may have figured out, I'm now responsible for a rental property. A whopping 6 rental properties, to be exact. Why so many? Because I own a house. Full stop. I don't need to make money off that thing, and I still have my job. So I buy and sell houses, and rent out the one in my backyard. Now there are several caveats to this. The whole property is tenanted at any given time. I don't have a maid (or a dog for that matter). The place isn't huge, so I don't have a lot
