, the 3rd gold Dino Riders game, is just $4.99 on the iTunes App Store as of March 1st. This one is a not only a remake but a re-release of the original game! This game is a bit complex on the iPhone and iOs, but I recommend you have one or the other device as many of the controls are done on the touch device. Grossaville is a familiar place, world of promise and chances. It is the home of your country's metropolis: a large port city with money-making opportunities. You, a young entrant, born in one of the poorest parts of this large community, have a beautiful dream of becoming gold-digging queen. During the days of your youth you spent with your handsome brother, Matty, enjoying all the fun, but as you grew up, the conflict between you began to arise. You were forced to choose between your dream and your brother, giving up on the planning, long-term goals and taking only short-term shortcuts. Now the new year is dawning and it's time to fulfill your past dreams - you're back in Grossaville and you're ready to start digging and finding the golden treasures. Use your gold-hunting skills to venture through the national treasure, then find all the precious

coins and pieces of gold to collect. Once you've gathered all of the treasures, you must race them to several underground deposit boxes in order to get the best value. Try to beat your record - as you unlock new powers and become more proficient in your digs. Your attitude in each level also counts for you, which increases the rate at which you will find the coins. Can you help Reggae Jimmy to beat the unbeatable mobile game - Dakor - which reigns supreme as the number one free Real Racing 2-game of 2014? If you do, we'll send you a Dakor ice creamscotter truck on the way to the final tournament with a $25 Dakor gift card. In Dakor, top drivers are competing to drive home the all-powerful Dakor ice-cream scoooter, but where did this machinelike chauffeur come from? The scooter itself is just a top to go on a metallic cheese doodle (another Dakor themed food - made from lots of ice-cream and cheese, which looks superb when seen on a bright red hull painted with big white letters). As you race round circuit after circuit
