July 14, 2015 " Shutter is a suspense film directed by V. K. Prakash. Marathi films are evolving so fast that sometimes their simplicity is everything. The best feature is that you no longer have to switch between apps to find a movie. This film tells the story of two men who start a fight to own a restaurant in a very busy area of Delhi, India. Each of them has their own interests: one is a sports fan, a food lover, and the other is a music lover. Everything is complicated by the fact that they are at enmity with their wives. This is the movie you want to watch after you truly appreciate the quality in the Marathi film industry. Shutter is a fast, fun and educational movie that I recommend to everyone.
