5 STUDIO (MAC/WIN). Full version. set.a.light 3D V2.5 STUDIO is the world's first photo studio simulation with which you can create versions from .jpg to .pdf. To obtain images, you must load the photos into the program, then create a layout (or several) of a photo studio, and then use a graphics editor to convert the image to .jpg or .pdf. The program allows you to create layouts in .jpg and .pdf formats, as well as in any other format you need. You can use any room as a photo studio layout. You can create lights in it, select models, and then apply these settings to layouts.
